SHARP UPTURN IN WHEAT.

STRONG CABLES RESULT IN A 2c AD-VANCE IN CHICAGO.

Domestic News Was Bearish, but It Had Little Effect-Corn and Onts Shared in the Advance.

Chleago, Nov. 10.-Every trace of the weakness which has prevailed in the wheat market lately disappeared to-day. Strong cables and reports of serious damage by frost in Argentine caused a very substanlater by the large export engagements, May closing at a 2c advance. Corn was firm and %6½c higher. Oats advanced ½c, but provisions dragged, and closed at small de

lines. Wheat started with a bulge of 1%@1%c Wheat started with a bulge of 15,615,6 for May, opening prices in that option ranging from 905,c to 905,c, and a somewhat excited demand existing at those figures. The cause was the wholly unexpected jump at Liverpool, where advances of from 15,d to 25,d per bushel were recorded before trading commenced here. This, it was soon explained, was due to a Buenos Ayres dispatch to the London Times, stating that the wheat and flax crops of Argentine had been severely injured by frost. Great efforts were made to discredit the frost news, but it was too well authenticated to be disbelieved. The only possible uncertainty connected with the matter was as to the extent of the damage, and it gave a scare to short sellers. The opening advance, of course, attracted selling orders from people who considered the rise too sharp and sudden to be maintained. Such selling kept the price from getting higher than it opened for about an hour, but all the efforts of the heavier shorts who refused to buy on the bulke, but dare do nothing to help depress it except in the way of talking it down, could not accomplish more than 5c reaction from the highest point of the opening range. The market sold down very gradually to 905,c, then back and forth between that price and 905,c, but by noon was selling around 91c. In some respects the news was bearish, chiefly in connection with domestic receipts. Chicago had 104 cars inspected into store, against 40 a year ago. Minneapolis and Duluth got 1190 cars, against 411 the corresponding day of 1896. The acceptances from abroad of wheat offered by cable yesterday and the day before resulted in the largest sales effected any similar previous time this season. That came to the strengthening of the market at such times as the belittling of the Argentine news was having some effect. Before the day was done it was reported that 125 boatloads, 1,000,000 bushels, had been sold for export. The market ruled strong near the end, May closing at 903,002 firm, particularly so for December, but trade at no time wa for May, opening prices in that option ranging from 90% to 90%c, and a somewhat

inp 1491d. Receipts were light, 28 cars. There was quite free realizing, following the opening advance, and the market cased off a little under it. The close, however, was strong at substantially top prices. Shorts led the buying. May ranged from 25% to 25%, closing at 30%.

Outs were unusually active. The opening was strong, following wheat and corn, and good buying by commission houses advanced prices 5%. The advance was somewhat curtailed by persistent selling on the bulge. Cash business continued urgent. Receipts were 217 cars. Scaboard clearances amounted to 162,000 bushels. May ranged from 22% to 21% and closed at 22c. Provisions were a disappointment, scarcely maintaining themselves in spite of the wheat strength and the practical ending of the yellow fever scare. Prices at the opening were slightly higher, but this was soon lost. Dullness and scattered figuidation were the features. Yard prices were weak and lower. At the close, January pork was 2½45c lower at 84.35.6x.37%, January lard a shade lower at \$4.21.44.30, and January iths 2½c lower at \$4.35.

Estimated receipts Thursday: Wheat, 117 cars; corn, 435 cars; oats, 390 cars; hogs, 300. Estimated receipts Thursday: Wheat 117 cars; corn, 425 cars; oats, 300 cars; hogs

LOCAL GRAIN MARKET. A Bearish Week in Wheat-Corn and Oats Higher and in Good

Demand.

more confident than for some time, and only the present enormous visible supply keeps values down. Wednesday, in sympathy with wheat and under the influence of stronger markets everywhere, there was free trade and a slight advance. The nearby order trade continues good, and there was some export demand. Add to this an advance of ½c in futures, and the situation of the market was the strongest for some time. By sample on track here at Kansas City: No. 2 mixed, 10 cars at 23½c, 2 cars special billing at 23½c, 2 cars yellow at 23½c, No. 2 mixed, 10 cars at 23½c, No. 2 white, 23½c, 23 cars early at 23½c; No. 3 white, 23½c, 23 cars early at 23½c; No. 3 white, 23½c, 23 cars early at 23½c; No. 3 white, 23½c, 2 cars at 23½c; No. 4 white, 23½c, 1 car at 25½c; No. 4 white, 23½c, 1 car at 25½c; No. 4 white, 23½c, 1 car at 25½c; No. 4 white, 23½c, 1 car at 25.

While there has been a want of especial life to this market since our last review, prices again improved. A falling off in the receipts at most of the primary markets and an increase in the visible supply of only 25,090 bushels encouraging buyers, and prices advanced le per bushel here during the week, an improvement resulting more from the light arrivals, however, than any especial increase in the demand or activity in speculation. In Chicago, December deliveries ruled unusually steady throughout the week, at no time fluctuating more than 34c. Wednesday the market was again the week, at no time fluctuating more than \$4c\$. Wednesday the market was again higher, under the influence of the light arrivals and better prices for corn. What few on sale were soon placed and brought more money than for a long time. By sample on track here at Kansas City: No. 2 mixed, nominal at 20g2le; No. 3 mixed, 1892c, 2 cars at 20c; No. 4 mixed, 1894c; No. 2 white, 21492c, 2 cars at 22c; No. 3 white, 2 cars at 21c, 1 car at 214c; No. 4 white, 18949c.

Grain Notes. Farm deliveries of wheat in Manitoba are Farm deliveries of wheat in Manitoba are said to be very small.

A St. Louis message yesterday reports a sale of 10 loads of wheat to France.

A New York exporter says: Berlin, Hamburg and Antwerp accepted everything yesterday. Foreigners are heavy buyers here.

here.

Bartlett, Frazer & Co., wired Harry C.
Reed, yesterday: "I would not buy wheat
on the bulge, as I do not believe the damage in Argentine, if any at all, is serious,
simply a scare. They harvest in a month
and summer frosts never hurt."

A New York message read: It is re-A New York message read: It is reported 133 loads of wheat were taken for export to-day—5 loads at New York, 38 at outports and 30 at Montreal. Have confirmed about 85 loads at all points, also 309,600 bushels of corn and 569,009 bushels of oats.

The primary market receipts yesterday were 1.276,000 bushels of wheat, against 557,000 bushels a year ago. Shipments were 435,000 bushels; last year, 461,000 bushels, Corn receipts, 572,000 bushels: a year ago, 300,000 bushels. Shipments, 245,000 bushels; last year, 400,000 bushels.

last year, 400,000 bushels.

Export sales at the seaboard Tuesday were reported as follows: 760,000 bushels of wheat at New York, including 600,000 bushels of No. 1 hard, Manitoba: 125,000 bushels at outports, 648,000 bushels of corn and 225,000 bushels of corn and 224,000 bushels of corn and 190,000 bushels of corn and 224,000 bushels of corn and 225,000 bushels of corn and 190,000 bushels of corn and 190,000 bushels of corn and 225,000 bushels of corn and 190,000 bushels

nicely and the ground is in good condition for cultivation generally. There will be a good acreage sown.

Yesterday's clearances for export at the four Atlantic ports were 171,000 bushels of wheat, 21,000 packages of flour, 153,000 bushels of oorn, 161,000 bushels of oats and 56,475 bushels of rye. In addition New Orleans cleared 2,882 barrels of flour, 48,000 bushels of wheat. Total wheat and flour clearances amount to 215,000 bushels and corn, 281,000 bushels.

The Kentucky crop report gives the following: Acreage seeded to wheat up to November 1, as compared to the acreage of 186, is 90 per cent. Remarks of correspondents indicate that the present acreage will be increased should the reason permit of fall plowing during November. The condition of the crop as compared with average years is \$2. It is estimated that 1s per cent of the area will have to be resown.

The more important increases in available stocks of wheat but were to the stocks of wheat het weeks.

cent of the area will have to be resown. The more important increases in available stocks of wheat last week reported by Bradstreet's and not included in the official visible supply statement are 400,000 bushels in Northwestern elevators, 100,000 bushels at Fort William, Octarlo, 65,000 bushels at New Orleans and 43,000 bushels at Oswego, Corresponding decreases include 128,000 bushels in Milwaukee private elevators, 120,000 at various Manitoba storage points, 65,000 bushels at Cleveland and 24,000 bushels at Galveston.

MONEY, STOCKS AND BONDS.

STOCKS TENDING UPWARD AND MORE LIFE TO THE MARKET.

The Decision of the Coal Trust Inquiry in Favor of the Trust Giving New Life to All the Industrials.

The past week has been a fairly satisfactory one in the money market of the country. The supply of funds continues good, both East and West and money easily factory one in the money market of Luc country. The supply of funds continues good, both East and West and money easily obtainable at undisturbed rates. Contrary to expectations the foreclosure sale of the Union Pacific railroad had no influence upon the loan market, such an arrangement being made by the government that much of the purchase money is to remain with the banks on special deposits, secured by government bonds. Last Saturday's New York bank statement showed nore life in the money market there, though rates remain unchanged. Loans increased during the week \$5.52.300; deposits, \$6.02.900; specie, \$56.500, but a decrease in legal tenders of \$1.90,300 and in the surplus reserve, \$5.00,575, making it now \$21. ISI,225 in excess of the 25 per cent rule. For the first time for months the New York banks gained money from the country-\$5.000. In speaking of the currency movement Dun's Review says: "The treasury's transfers of currency to the interior began this year on June 22, one month sariler than in 1855; but the volume of shipments is below both years. The figures of transfers to November I show a total of \$7.55,000 for the New York banks, against \$12,76,590 in 1865 and \$10,406,500 in 1895. Two-thirds of this year's transfers were to the South, or slightly less than in previous years. The smaller total business has been caused by the quick movement of the crops."

In Boston the money market continues quick and the same may be said of Philadel; his and Baltimore. Here in the West the situation is also one of ease, Chicago and St. Louis both reporting a good supply of funds, and demand moderate and rates undisturbed. Here at Kansas City a fair demand is being had on cattle paper and the grainmen are asking for some little assistance, but as a whole new loans are rather light for this time of year and good paper is eagerly sought for. Rates, however, unchanged; still held at 768 per cent. Currency is agent being called to are rather light for this time of year and good paper is eagerly sought for. Rates, however, unchanged; still held at 748 per cent. Currency is again being called to the country quite freely. Bank clearings for the week ending Wednesday, \$12,500,824; same time last year, \$10,202,503, an increase of \$2,227,831, a gain of 22 per cent.

Eastern exchange steady.

Stocks and Bonds.

Stocks and Bonds.

New York, Nov. 10.—Prices of stocks today made very substantial recoveries toward the level which prevailed before the
heavy declines of last Monday and Friday.
The buying was strong and confident and
the upward course of prices except in a
few cases was practically uninterrupted all
day until some profit-taking at the close
brought recessions from the best prices.
The factor of greatest influence was the
decision of the appellate division of the
supreme court at Albany in the matter of
the coal trust inquiry. Reports of this decision had it that the decree of the lower
court in revoking its own order compelling
the coal trust presidents to appear before
a referce had been affirmed. As the lower
court in revoking its own order compelling
the coal trust presidents to appear before
a referce had been affirmed. As the lower
court in revoking this order had distinctly
expressed its opinion that the so-called
anti-trust law was unconstitutional it was
inferred that to-day's decision had also denied the constitutionality of the law. Apparently this inference was maintained in
the stock market until the close of trading,
although the court distinctly disclaims that
it is passing on the constitutionality of the
law, as it is not necessary for the absolute
determination of the question before it.
However, the Wall street interpretation of
the decision gave a very srong upward impetus to all stocks affected by the law.

The coalers were most markedly affected
as being the subject of the special suit under trial and they showed gains extending
to 3½ points in the case of Delaware &
Hudson. Every industrial stock on the
list was also sharply affected by this report, in view of the fact that the statute
was understood to be directed against these
great combinations of capital. Cotton Oil
preferred was benefited to the extent of 4
points. Tobacco 3½, Sugar nearly 3 points
and others to the extent of a point or over.
But the strength of the market was by no
means confined to these stocks, th

Dry Goods.

New York, Nov. 10.—Evidences of continued weaknesses in the dry goods market prevail. Concessions are being made constantly in nearly all lines of cotton textile fabries. These reductions show a decrease on the part of both first and second hand dealers to effect a movement in stocks at as early a date as possible. The unseasonable weather conditions are the primary cause of depression in the market, and these have continued to such an extent that it is doubtful whether a complete recovery will be possible. The market is by no means satisfactory. This is felt in woolen and worsted fabrics both for men's wear and in dress goods, to no small degree. The supplementary demand is still very light, and the requests for heavy goods for next year are still withheld, pending a settlement of the weather and price problems. In staple cottons the business passing is of very light proportions. The export demand is still very light, and there are, in fact, no really reassuring features in the market. Print cloths continue unpopular at 25-18c.

Coffee and Sugar. New York, Nov. 10.—COFFEE—Options opened steady at unchanged prices; ruled fairly active and a shade steadier on better European cables; buying checked by continued heavy receipts at Rio and Santos, and sluggish character of spot market. Receipts Shipments Orive-outs 2.83
Same week last year: 9.15
Lecelote Shipments 18.55
Drive-outs 18.757
The run the past week was the lightest for a long time and less than half as large as the same week last year. The result was a higher market and guick sale for everything. Killers and feeder buyers kept steadily at work each day and took everything as fast as it arrived and more sheep could have lon sold if here and at good prices. You ready the arrivals were over 5.00, yet they were disposed of without trouble and at steady and firm prices, many sales being the highest of the season. The quality of most of the arrivals, however, was good.

OF INTEREST TO STOCKM

JOHN E. TURNER CONVICTED OF OLATING QUARANTINE LAW.

Conference Called to Discuss a Q antine Line for Arkansas and

Tennessee to Keep Out Southern Fever.

Independence, Kas., Nov. 10.-(Special. the district court here to-day the jury the case of the state against John Turner and Dan Late, of Coffeyville, char ed with violating the quarantine la found Turner guilty and acquitted L. These parties were indicted by the regrand jury and Turner's lawyers will eal the case on the ground that the gra jury was not legal and that the ind

ment was defective.

It is claimed that for some time p ons from the territory have been sm gling cattle across the border contrary gling cattle across the border contrary law, and a strong guard has been place there. It is a grave offense and is punis imprisonment from thirty days to one y Springfield, Ill., Nov. 19.-Colonel C. I

Springfield, Ill., Nov. 19.—Colonel C. P. Johnson, president of the Interstate Association of Live Stock Sanitary Hoards, today called a conference of live stock sanitary boards and state veterinarians of Kansas, Nebraska, Missouri, Iowa, Illinois, Wisconsin, Indiana, Michigan, Ohio, Pennsylvania, Kentucky, Tennessee and Arkansas at the Planters' hotel, St. Louis, December 2, for the purpose of agreeing upon a quarantine line with reference to Arkansas and Tennessee, on account of the Southern fever, to be established for 188, and to request the secretary of agriculture to co-operate in the establishment of such a line as shall be decided upon.

It is hoped that at the conference between the states of Tennessee, Arkansas and the Northern states mentioned, a line can be determined that will be absolutely safe to cattle interests in the Northern states without doing any injustice, or creating unnecessary hardship upon cattlemen of the Southern states involved. A majority of the states included in the call have signified a desire for a meeting and their intention to attend.

states included in the call have signified a desire for a meeting and their intention to attend.

Washington, Nov. 10.—Director Curtiss, of the Iowa experimental station, has submitted to Secretary of Agriculture Wilson a comparative report on English and American lard hogs, embracing the results of tests to determine the best for food and the prices received for each breed. The report states that the market discrimination between the breeds is very slight, only 10 cents per 100 pounds in favor of the Tamworths and Berkshires, the English breeds. They sell for \$3.50 per hundred, while all others brought \$3.70. All the breeds of hogs tested made pork as substantially the same price for raising, feeding, etc., about 2 cents per pound. Secretary Wilson says while the demand abroad may be greater for the bacon hogs than for the other, the demand for lard hogs is as great here as ever.

Visitors at the Yards With Stock. Joe Bjorn, Lindsborg, Kas., came in yes-

Berridge Bros., Goffs, Kas., had in hogs S. A. Hull, Weston, Mo., was in yesterday Riordan Bros., Solomon, Kas., had in cat-tle yesterday. Carnes & Fulkerson, Tindell, Mo., had in cattle yesterday.

J. K. Edwards, Dana, Kas., was here yesterday with hogs.

A. D. Turner, Denton, Tex., was up yes terday with cattle. J. S. Lehr, Eldorado, Kas., was here yes-terday with cattle. Errick Rostine, Windom, Kas., was here yesterday with hogs. Themas McComb. Rich Hill, Mo., was in yesterday with cattle. E. W. Rankin, Deming, N. M., came in yesterday with catfle.

S. C. Duncan, Smithville, Mo., was at the yards yesterday and got feeders.

Frank Stanton, Miltonvale, Kas., was on the yards yesterday with hogs.

G. A. Conklin, Council Grove, Kas., was in yesterday with cattle and hogs.

Charles H. Branham, Oprick, Mo., was considered to the property of the proper In yesterday with cattle and hogs.

Charles H. Brenham, Orrick, Mo., was on the yards yesterday with hogs.

Amos Anderson, Langley, Kas., was at the yards yesterday with cattle and hogs.

McKinney & Carver, Randolph county, Mo., had in cattle yesterday. It was their first shipment, being in St. Louis territory. They were well pleased with their experiment.

Young & Letter Britan N. Weight Mo.

ment.
Young & Letton, Raton, N. M., were here yesterday with cattle. They say cattle have been sold out cleaner in their section than for years. The high prices are tempting raisers to part with everything. The range is good, and not much to graze it.

H. A. Zabel, Wetmore, Kas., got feeders here yesterday. He says, while there are a good many cattle in Nemaha county, the number is not so large as last year. There are also fewer hogs. Plenty of corn, and selling at 17 cents.
